DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/24/2009 has been entered.

Allowable Subject Matter

2. Claims 22-23, 27-28, 37, 41, 43-53 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of independent claim 22 is that the prior art does not teach or fairly suggest an incubator for observation by microscope which includes a heater having a laminate comprising a top plate disposed above the upper plate with a space from the upper plate and the top plate being isolated from the upper plate with no surface of the top plate directly contacting any surface of the upper plate.

Similarly, the primary reason for allowance of independent claim 27 is that the prior art does not teach or fairly suggest an incubator for observation by microscope which includes an upwardly water tank unit and a heater of a plate type and the upwardly water tank unit is isolated from the heater such that no part of the water reservoir is in direct contact with a top plate of the heater.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
